

# LDMS Nest Box Monitoring: May 4, 2015

LDMS Box #1: Bluebirds continue incubation in the box.

LDMS Box #2: Chickadees seen near the box today, but no nesting activity perhaps because of the bee.

LDMS Box #3: No nesting activity yet observed

LDMS Box #4: Tree swallow nest under construction.

LDMS Box #5: House Wren nest beginnings.

LDMS Box #6: No nesting activity yet observed.

# LDMS Nest Box Monitoring: May 1, 2015

LDMS Box #1: Five Bluebird eggs being incubated by female observed today. Hatch date perhaps 5-11-15??

LDMS Box #2: Chickadees exploring the box repeatedly during nest box observations today. No eggs yet.

LDMS Box #3: No nesting activity observed

LDMS Box #4: Probable Tree Swallow nest as evidenced from the feather present in box.

LDMS Box #5: Probable House Wren nest materials in the box.

LDMS Box #6: No nesting activity observed
